Description :

PDF-aea14 | California's sawmill and railroad industries grew up together, each at least partially depending upon the other for survival. However, not all of the Golden State's sawmills lay upon the routes of mainline railroads, resulting in the development of a number of shortline railroads connecting remote sawmills with the nation's rail network. In addition to serving the lumber industry, these shortlines... *California's Lumber Shortline Railroads (America Through Time)*
