Description :

PDF-b1bdb | What really makes a video game story interactive?

What's the best way to create an interactive story? How much control should players be given? Do they really want that control in the first place? Do they even know what they want-or are their stated desires at odds with the unconscious preferences? All of these questions and more are examined in this definitive book on interactive storytelling for vi... *Interactive Storytelling for Video Games: A Player-Centered Approach to Creating Memorable Characters and Stories*
