Description :

PDF-7c40a | This richly illustrated book chronicles lighter-than-air flight from Archimedes' discovery of the principle of buoyancy to the latest in sport balloons and plans for future airships. Far more than a timeline of events, *Lighter Than Air* focuses on the people?flamboyant and daring, heroes and scoundrels?who made history in the sky. Here are the eighteenth-century pioneers who first took to the... *Lighter Than Air: An Illustrated History of Balloons and Airships*
